Los Angeles Partners Davida Brook, Krysta Pachman and Kalpana Srinivasan and Houston Partner Erica Harris have been named among Benchmark Litigation's Top 250 Women in Litigation for 2023. Both Brook and Pachman debut on this list this year while it is the fourth year in a row Harris and Srinivasan have been recognized. Recognized by Benchmark for, "earning their place among the leading female litigators by participating in some of the most impactful litigation matters in recent history," these four lawyers regularly lead the company cases in courtrooms across the US.

According to Benchmark, the Top 250 Women in Litigation publication's extensive research process, which encompasses six months of investigation into the individual litigators' professional activities as well as client feedback surveys and individual interviews, has culminated in the selection of the most distinguished women in the world of litigation. Attorneys named to this year's publication were chosen through the review of their recent case work, peer review, and a consideration of client feedback on their performances.
