Law360 has named Kalpana Srinivasan a 2019 Titan of the Plaintiffs Bar. She is one of just 10 lawyers nationwide to receive this recognition. *Law360* describes its list of Titans as, “champions in the courtroom who not only capture massive settlements and go up against big-name companies, but also take on leadership roles at their offices and elsewhere.”

Srinivasan served as co-lead counsel to HouseCanary in a trade secrets, fraud, and breach of contract case against Title Source, Inc. where she secured a unanimous jury verdict valued and finalized by the court at \$740 million. This verdict will appear on both the *National Law Journal's* Top Verdicts of 2018” list as well as *Texas Lawyer's* “2018 Top Verdicts” list (both set to be released later this year) and is also the largest verdict in Susman Godfrey’s history. She also serves as Court-appointed co-lead class counsel on behalf of consumers impacted by anticompetitive conduct in the modem chips market.
