Managing Partner Steve Susman is featured in an article about the 2013 MS150 ride in *The Texas Lawbook*.

"Steve Susman didn't like being told 'no.' And the more the Susman Godfrey founding partner heard why he could-not-should-not ride a bicycle from Houston to Austin, the more determined the then 69-year-old became to ride in the event benefiting the National Multiple Sclerosis Society. That was three years ago. This past weekend, Susman not only completed his fourth annual 'BP MS 150,' but the litigator wore the coveted yellow jersey bearing the number '1' and marking him as the top fundraiser among more than 13,000 riders."
