

Susman Godfrey Builds Habitat for Humanity House

05.01.2011 | 10 | 21NEWS

The partners of Susman Godfrey donated \$65,000 to Habitat for Humanity in Houston for the construction of a house for a deserving family. Over four weekends in April, 140 Susman Godfrey lawyers, employees, family members and friends donated their time and newly found skills building the house from the slab up. When the project is completed, the Fulghum family will own their first home.
