Key Personal Injury Cases

January 2008—After a six-year battle, I secured final payment on settlements totaling more than \$2.86 million for 32 clients who received defective Sulzer acetabular shells during hip replacement surgery – a handful of these clients underwent revision surgery to have their defective hip implant removed. After factoring in litigation costs and legal fees, the clients netted more than \$1.68 million.

February 2004—Bill Carmody and I secured a favorable settlement for a man whose left leg was nearly crushed when an 18-wheeler barreled on top of the car he was driving.
